Daily Theme — Keeping the Light On: Supportive Work Environments

"Don't Let Your Light Go Out" is an inspiring and insightful panel discussion featuring accomplished nurses who have charted unconventional career paths beyond the bedside. This captivating session brings together a diverse group of nurses who have harnessed their knowledge and skills as stepping stones to create fulfilling careers. From healthcare consulting and public health to education, policy, and entrepreneurship, these panelists showcase the boundless opportunities that nursing expertise can unlock. Through engaging anecdotes and personal experiences, they shed light on how their clinical backgrounds, problem-solving abilities, and compassionate approaches have uniquely prepared them to thrive in these alternative arenas. The discussion aims to motivate aspiring nurses to embrace the versatility of their profession, encouraging them not to let their passion and dedication falter, but rather to forge a path where their light can continue to shine brightly, impacting lives far beyond the bedside.
